Features

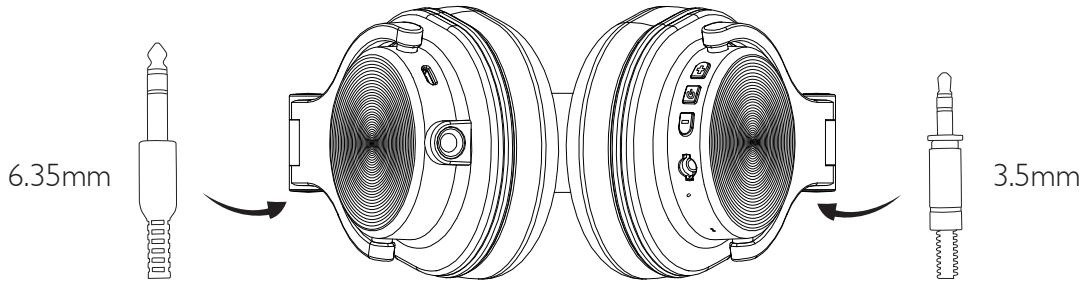

- Jack lock system

Plug the 3.5mm plug into the jack, swivel right 90°, then the cable is locked. Swivel left 90°, then unplug the cable. No matter how much movement there is, the cable will not get off the headphones' port. This is a great plus for DJs and musicians.

- Dual-duty cable & Adapter-free

Our solution for an adapter-free life--- There are gold-plated 3.5mm & 6.35mm plugs on each end of the audio cable, just simply plug in according to your needs, and no more trouble finding a single adapter. Specially designed for DJ, perfect for mixers, electric guitars, keyboards, and more.

- Portable & Adjustable

The memory-protein earmuffs are designed to diperse pressure and heat build-up, combined with the Japanese protein PU leather to give you maximum comfort & superior isolation. Adjustable padded headband ensures a custom and perfect fit to your head.

Pairing a wireless device

Keep the headphones and the mobile phone/music player within 1 meter of each other when pairing.
Enter pairing mode directly after turning on the headphones.
Turn your iOS, Android or Windows device's Bluetooth on and select "Fusion A7" from the list of found devices.

Playing music

1. Adjusting the volume: Short press "+" or "-" for volume up or volume down. The volume is completely synchronized with iPhone and most Android devices.

2. Music Selection: Long press "+" or "-" for next track or previous track.

3. Play/Pause: Press (don't hold) Play/Pause ❷ to switch between play and pause status.
   Note: The controls will not function when charging or in wired use.
   If asked for a passcode, please enter"0000"and the headphones will be connected to your device.
   After pairing successfully, the LED light will flash blue occasionally, you can then answer the phone or listen to your music.

FARSI MARKET

Power on

Press and hold the On/Off ❷ button to turn the headphones on. The LED light will flash between blue and red when the headphones are active.

Power off

Press and hold the On/Off ❷ button to turn the headphones off. The LED indicator turns off, indicating that the headphones are off.

Turn to wired mode

1. Ensure the headphones are switched off during wired use
2. Connect the 6.35mm cable into the 6.35mm Aux-in
3. Connect the other end of the cable into your device

Note 1: Inserting 6.35mm cable disables wireless functions
Note 2: The controls will not function when charging or wired use

Troubleshooting

If you cannot connect the headphones to your device, please try the followings:

1. Ensure that the headphones are charged, switched on, paired with and connected to your device.
2. Check the headphones are within 12 meters (39 feet) of your device and there are no obstructions (such as walls or other electronic devices) between the headphones and the devices.
3. If you receive an intermittent signal, please ensure the headphones are fully charged before continuing use.

Limited Warranty

Please sign up for OneAudio warranty service at www.oneaudio.shop.

OneAudio warrants that this product, for a period of 2 years from the date of retail purchase by the original end-use purchaser, when delivered to you in new condition, in original package, from an OneAudio authorized reseller and used in normal conditions, is free from any defects in manufacturing and workmanship. We will, at our sole option, repair or replace (using new or refurbished replacement parts) any defective parts within a reasonable period of time and free of charge.

What is not Covered

This warranty does not cover defects resulting from improper or unreasonable use or maintenance; failure to follow operating instructions; accidents; excess moistures; insects; lightning; unauthorized alteration or modification of original condition; damage caused by inadequate packing or shipping procedures; loss of, damage to or corruption of stored data; damage caused by use with non-OneAudio products; product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by their modifications; and products purchase from unauthorized dealers.

How to Make a Claim

In the event damage has occurred to products, you must follow these instructions:

- Within two months, contact info@oneaudio.shop with order number in e-commerce website after you discover a product defect (or should have discovered it, if such product defect was obvious);
- In order to get professional solutions from OneAudio, please give a detailed explanation of how the damage occurred.
- Return the products. OneAudio will, at our sole option, repair or replace (using new or refurbished replacement parts) any defective parts within a reasonable period of time and free of charge.
